Findings of Facts & Conclusions of Law

Respondent MARY J NAMPIAPARAMPIL AS TREASURER TO ELECT DR DEVI NAMPIAPARAMPIL AS PUBLIC ADVOCATE appeared remotely by Dr. Devi Nampiarampil on June 3, 2022. NYC DSNY appeared by Christopher Morella, Esq.

This consolidated hearing covers summons numbers 047355271H, 047355274N, 047355273L, 047355272J, 047355268R, 047355269Z, 047355270X, 047021164M, 047021163K, 047021166X and 047021165Y. All eleven summonses were issued to Respondent and charges a violation of NYC Administrative Code 10-119 for lawn signs posted on property that the I/O alleged belonged to New York City. The I/O wrote that the signs stated "DR NAMPIAPARAMPIL FOR PUBLIC ADVOCATE. VOTE NOV. 2."

Petitioner presented no evidence and relied on the allegations in the summons.

Dr. Nampiarampil stated that neither she nor anyone associated with her campaign posted the signs cited in the above-listed summonses. Dr. Nampiarampil stated that she ran a very small campaign and that the only people who had access to the signs were 4 volunteer campaign workers, and that these campaign workers provided an affidavit indicating that they did not post the signs. (See R1 and R2)

Dr. Nampiarampil also visited the locations with her small group of campaign workers to confirm that none of the campaign workers posted the signs. (R3)

Petitioner provided no rebuttal evidence and made no arguments in response to Dr. Nampiarampil's testimony and evidence.

I credit Dr. Nampiarampil's testimony and submitted evidence and find that Respondent has sufficiently rebutted Petitioner's prima facie case; and rebutted the statutory presumption that the signs were posted by the person whose name appears on the signs. I find that without additional evidence or testimony, Petitioner has failed to meet its burden of proof in all eleven cases.

All eleven summonses are dismissed.

EXHIBIT V: Mary Nampiaparampil Affidavit

My name is Mary Nampiaparampil and I was the Treasurer of my daughter Devi Nampiaparampil's Campaign as the Republican candidate running for New York City's Public Advocate position in 2021. Even though I am a registered Democrat, I took this post because I liked the message of the Campaign and also wanted to help my daughter in her pursuit. I felt I was qualified to do the book keeping portion and eagerly looked forward to fulfilling it. I graduated from Columbia University Teacher's College with a Master's Degree and was a Statistics Lab Instructor at Baruch College at first. Later I took the job of a Research Analyst at John Jay College of Criminal Justice. I worked there for 42 years in many capacities, such as Associate Director of Institutional Research doing statistical analysis of collegewide data about faculty and students to support planning, policy formation and decision making. I also held positions as Director of Scheduling Courses, Director of Scholarships, and retired as Director of Enrollment Management Operations.

As the Treasurer of the campaign, I regularly interacted with the members of the Campaign Finance Board (CFB). Things were very difficult almost during the entire time. I realized something was very wrong in the summer of 2021 when Devi submitted the candidate profile for the Voter Guide that the CFB publishes. They asked Devi to alter her details since according to them, she did not comply with their guidelines by mentioning Jumaane Williams, the Government figure, in her details. When she submitted the revised text, they said it was too late, even though she did what they asked and they published the Voter Guide without her details. I believe anybody can criticize the Government as part of our 1st amendment right of freedom of Speech without retaliation or Government interference. Omission of Devi's details from the Voter Guide was an embarrassment to me as her Treasurer. Several donors told me it was a serious oversight on my part. It was disheartening to hear this which made me look silly in my community. They did not believe me when I told them we had submitted it, as though I was lying.

Soon afterwards, the CFB held a mandatory television debate. In order to qualify we had to meet certain financial thresholds. A statement from the CFB that Dr. Devi did not meet the thresholds for fund collection and hence did not qualify for the debate turned out embarrassing to me and the Campaign. When we told the donors we collected enough money to qualify for the debate and when the CFB issues a statement we did not qualify for the debate, the donors said we were lying. Some others said we had enough money, but not reporting it to the CFB. Both of these accusations affected the fund collection and made me sound like a liar. While all this is happening, the CFB is auditing the Campaign saying that we did meet the threshold.

I even thought it was dangerous for my daughter to go around some of these unsafe neighborhoods while campaigning. She was not allowed to use our car since that would be a contribution; my husband sometimes had to follow her in his car to make sure she was safe! With all these challenges in front of me, I was too distraught and did not have the mindset or time to think about my health or see my doctor.

Even when I was trying to submit the Financial Disclosures of the Campaign on time, there were several problems with their website with inaccurate codes and need for additional corrections. It affected our Campaign more so than the Democrat competitors' campaign since we were collecting from more people usually around critical deadlines. Also, the Democrats had a different experience because they had to prepare for the primary election. Devi had no challenger in the primary, so our deadlines were for the general election. They were giving us several reminders about due dates for Financial Disclosures and Statement Reviews, while they knew I did not have to do it since Devi was not running in a Primary. It is unbelievable how many software issues and bureaucracies they had on their part. I am used to web errors and bureaucracies from my 42 years working for the City, but nothing to this extent!

In December 2021, after the election was over, I was diagnosed with advanced stage Gastric Cancer. Since I had not been feeling well in my stomach for a while I went to the White Plains Hospital Emergency Room in December with a fever where I received my shocking diagnosis. The doctors there could not help me quickly because they were short staffed. My daughter took me to NYU where I saw a surgeon and an oncologist. I saw a doctor who told me I would go for palliative care and hospice. I made Devi my proxy so she could make decisions for me when I was incapacitated. I was very sick with perforations in my stomach lining and intestine due to cancer. However, Devi took me to Sloane Kettering Hospital to see a 7th doctor. He suggested Hospice too. Then she took me to an 8th doctor there. This oncologist suggested we try immunotherapy. Finally, they performed stomach surgery.

Meanwhile, the CFB had accused me of putting up signs after the election and they issued summonses, which I never received. Devi later said I was supposed to be in court while I was in the hospital during my surgery. I was under the impression that I had completed my duties as the Treasurer of Dr. Devi's Campaign once the election was over and the Financial Disclosure was submitted. I did not want to stay on as Treasurer and I told Devi I was quitting. Devi told me she had already emailed the CFB to notify them I was too sick to continue as the Treasurer. Even to this day, I do not understand what the CFB and New York City are doing taking me to court without ever serving me with a summons! My daughter represented me in Court, but learning about these false accusations were stressful. All these while I was trying to survive my life-threatening cancer!

Later, I learned that Devi's Campaign was being audited even though we did not receive any contribution from CFB. It was hard to believe that we were being persecuted for not going along with their political ideology. I came to this conclusion since they did not publish Devi's details in the Voter's Guide even though it was submitted on time.

The CFB said they could hold me responsible for all violations with penalties up to \$10,000 per violation. With the number of violations they have suddenly come up with, they could probably take my pension and Social Security benefits away, but I depend on them for my livelihood and to pay my medical bills. Also, if something happens to me, they could take my husband's pension and Social Security Income. It has been 3 years now since we started with CFB and our

error rate for Financial Disclosures according to CFB's report was 0.00. After my surgery, I had developed partial blindness as a result of my cancer treatment and it was extremely difficult for me to read anything. My vision has improved now with bimonthly injections in my eye, but I cannot see well enough to follow the audit or these court cases. Honestly, I do not understand why it is taking them so long to bring this audit to conclusion. And I still don't understand what I was accused of before, since nobody ever sent me the summons or the resolution of the cases against me. Devi said I was accused of putting up signs for the Campaign; but I do not understand why this is a big deal.

I declare under penalty of perjury that the foregoing is true and correct.

Mary Joseph Nampiarampil
